Report 1: §54.313 (a) (1) - Five-Year Service Quality Improvement Plan

1. A progress report on its five-year service quality improvement plan pursuant to § 54.202(a), including maps detailing its progress towards meeting its plan targets, an explanation of how much universal service support was received and how it was used to improve service quality, coverage, or capacity, and an explanation regarding any network improvement targets that have not been fulfilled in the prior calendar year. The information shall be submitted at the wire center level or census block as appropriate.

1.1 Progress Report

1.2 Universal Service Support Received and How It Was Used

Response to 1.1:

The Company has been designated an ECT by the Kansas Corporation Commission, and that Commission has heretofore not required ETCs to file service quality improvement plans or annual updates. Hence, in accordance with the Wireline Competition Bureau's Clarification Order in DA 12-147, issued on February 3rd, 2012, paragraph 7, this provision's requirement to submit a progress report does not apply to South Central Telephone Assn Inc. for this filing period.

Response to 1.2:

South Central Telephone Assn Inc. received a total of \$**1,576,008** in federal high cost support during 2011. Over that same time period, the company made regulated investments of approximately \$**287,150** and incurred regulated expenses of approximately \$**1,554,000** to provide telecommunications service to the residents and businesses of its serving territory.

In part, through federal high-cost support, South Central Telephone Assn Inc. has invested in a modern telecommunications network utilizing fiber optic cable and advanced circuit-switched and IP technology throughout its service territory resulting in a vast improvement in the quality of the service area's communications infrastructure.
